Support funding for the Learning Assistance Programs is provided by the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV) administered by the New York State Education Department.

## Student Responsibilities when Attending Tutoring

1. Plan ahead by calling (212) 220-1383 to confirm that the S.I. Leader has either reported to work or has not called out (tutors may sometimes not report to work for personal reasons).
2. Swipe in your BMCC Id/number every hour that you receive tutoring to help keep the program running.
3. Being informed of your course material before each session will help tutors address academic needs.
4. Bring textbooks, questions for tutors and any other necessary materials that may increase the quality of your session.
5. Safeguard your personal belongings in the LRC.

## LRC Tutoring Rules

1. Tutoring/SI Sessions are limited to five (5) students per hour to help ensure a quality tutoring experience.
2. Tutoring is intended to assist student learning, not as a substitute for personal responsibility.
3. Avoid causing distractions for other students or tutoring sessions.
